

TARIFF BILL PASSED LAST NIGHT BY HOUSE

Formally Presented to Senate This Morning; Referred to Finance Committee

CANNON SAYS TAFT IS PLEASED WITH PROGRESS

Scenes of Uproar Marked the Passage of the Bill; Party Votes Were Split

WASHINGTON, April 10.—The Payne tariff bill, which was passed by the House in an uproar last night, was formally presented to the Senate today, and was referred to the finance committee.

Speaker Cannon, and Chairman Payne of the House ways and means committee, which framed the bill, called at the White House this morning for a brief consultation with President Taft. As they were leaving the building, Cannon was asked if President Taft had congratulated him on the way the bill was handled in the House. Cannon replied: "Oh, like most all other Republicans, he is satisfied that the bill has got as far as it has. We think we got it through in good time."

Following is the way the bill was finally acted on in the House:

Vote—For, 217; against, 161.

Crude petroleum and its products, free; lumber (rough), \$1 a thousand; hides, free, except in trade wars; wood pulp, free, except countervailing duties; barley, increased 15 to 24 cents bushel; barley malt, increased 25 to 40 cents bushel; tea and coffee, free; hosiery and gloves, increased as committee recommended.

One Republican, Austin of Tennessee, voted against the measure, and four Democrats, all from Louisiana, Messrs. Broussard, Esipinal, Pujot and Wickliffe, voted for it.

An attempt by Champ Clark, the minority leader, to recommitt the bill with instructions, signally failed.

The bill was introduced on March 17, reported to the House by the ways and means committee on the next day, and was under debate for sixteen days.

LEGAL TALENT FOR STANDARD IS FINE

Says Kellogg Who Declares Oil Company As Entrenched by Wealth and Brains

ST. LOUIS, April 10.—"Brains and limitless wealth are truly a strong defense," declared Frank Kellogg, special prosecutor for the United States government, while making his argument against the Standard Oil Company in the government's dissolution suit.

Kellogg paid a tribute to the sagacity of the counsel for the defense, and called the attention of the court to the entrenchment of the powerful corporation behind an enormous fortune and the wonderful ability of the world's best lawyers. Then he proceeded to pick flaws in the arguments of the defense.

Kellogg charged that in order to wage war on the independent companies the Standard organized bogus concerns. He said:

"I cannot believe that this lying, coercion and misrepresentation is ideal American business. God pity the American people when they adopt such a standard of methods for commercial life."

Indictments Quashed; District Attorney Will Call Grand Jury for Action

TULSA, Okla., April 10.—The motion to quash the indictments of Governor J. N. Haskell and six other defendants who are residents of Muskogee county, was sustained this afternoon by Federal Judge Marshall.

It is generally believed that Haskell will not be indicted again. Haskell and his companions were accused of fraud in connection with townsite grants in 1901.

The Heningers and Mortensen have bought and sold much property south of First street, doing much to develop that section of the city.

NEW MACHINE FOR OILING STREETS MADE

Reid and Ward to Try Shooting Oil Into Earth to Settle the Dust

On Monday or a day or two later Santa Ana will put in practice its new method of dust-laying. The machine is completed, with the exception of a few minor adjustments. It will do the work hitherto done by sprinkling wagons. The new system consists of shooting heated oil into the earth, and it is claimed for it that it is cleaner and more economical and produces a better street.

The apparatus has been fitted up by Water Works Superintendent Reid. The city's oil wagon, with a capacity of thirteen barrels will lead. Attached behind it will come a short coupled wagon bearing a two and a half horse-power gasoline engine. At the rear, close to the ground, is the exit pipe with tiny holes pointing downward. The pump is to take the oil from the tank and force it, under a 100-pound pressure, into the street surface. Street Superintendent Ward and Water Works Superintendent Reid have experimented with the machine near the water works, and found that the pressure was sufficient to drive the oil well into hard surface. On dusty roads the oil is forced beneath the dust, which settles on it, is saturated and held fast. Within a few minutes after the oil has been applied the street can be used, and no dust will arise and no oil mud will be picked up.

The city has been using the water sprinkling method in years past. For about seven months in the year five teams have been used. The drivers cost \$50 a month each and the city teams eat about \$15 per month each. The new method will reduce the expenses probably one half. It is estimated that it will take about three barrels of oil to the block. Just now the city is paying eighty cents per barrel for oil. Fifteen gravity will likely be used. At the city water works the oil will be heated in the big tank, which holds a carload of oil. From that tank it will be transferred while hot to the road wagon and applied immediately to the street.

The city officials got their idea of the new method at the convention of the California League of Municipalities at Sacramento. Visalia has been using an oil spray method. On this method the Santa Ana men have made what they believe is a vast improvement.

Visalia throws its oil under pressure onto the street surface, with the result that at the last convention of the cities it was thought that Visalia had the best method used. There seems little question but what Superintendents Reid and Ward have devised a method that will produce even better results. It is thought that one application per year, or possibly two, will do the work of the water sprinklers that make the rounds each day, and vehicles will not be annoyed by the mud that necessarily is made by an application of water.

THE METHOD WILL SAVE MUCH MONEY

Material to be Heated and Forced on Roadbed Under 100-pound Pressure

HARBOR MAN IS PLEASED

Newport Bay is the Finest Little Natural Harbor That Fox Knows of

"You have the finest natural small harbor possibilities I have seen anywhere," said James A. Fox, special director of the Rivers & Harbors Congress at Newport Beach yesterday after going over Newport Bay. Mr. Fox was taken over the magnificent sheet of water from the entrance to the wide-spread inland bay. Then in company with A. A. Lester, Clyde Bishop and John King he was taken in an automobile over a large part of Orange county, through the groves and orchards and the grain and vegetable producing districts. He was much impressed with the county and declared it to be a most wonderful land.

Last night a banquet was given Mr. Fox at Newport Beach by the Chamber of Commerce of that place. Following the banquet he delivered a lecture that was worth much to those who are fighting to hold Newport Bay for a harbor for the people of Southern California. His talk was a practical one. He gave advice as to the procedure necessary to get the matter fully before the public. The kind of data necessary to get the permanent residents, how many are here for a few months each year, how many make their living and spend their money here, the shipments, the value of products, etc.

WILL REFUSE CONSENT TO HARMFUL FILLS

Captain Fries Tells Newport Chamber of General Lines of Channel Harbor

DELEGATION TO ENTER A PROTEST

harbor Supporters Receive Encouragement From Office of U. S. Engineer

War Department, United States Engineer's Office, 723 Central Building.

Los Angeles, Cal. April 4, 1909.

Newport Beach Chamber of Commerce, Newport Beach, Calif.

Sirs:—Replying to your letter of the 3rd inst., on the subject of harbor lines in Newport Bay, I have the honor to inform you that while this office has no authority to establish harbor lines, yet its policy will be in a general way to permit improvement of the harbor in such a way as to keep the channel south of Balboa Island between 1500 and 2000 feet in width, narrowing gradually to about 1000 feet in width at a point about a quarter of a mile east of Bay Island.

Very Respectfully,

AMOS A. FRIES,

Captain Corps of Engineers.

The above letter has a very direct bearing on the application of W. S. Collins to dredge and fill Balboa Island. Had the letter been received before the Board of Supervisors accepted Collins' map it would have been used in the argument before the Board of Supervisors against the acceptance of the map. Should Collins make the proposed fill, the channel would be narrowed to less than the distance named by Captain Fries.

Next Tuesday a delegation will go before Captain Fries of the United States Engineer's office in Los Angeles and protest against the dredging and filling proposed to be done by W. S. Collins on Balboa Island in Newport Bay. While the Board of Supervisors has accepted Collins' map of the tract, those who fought the dredging project there are not at all discouraged. They believe the fill proposed by Collins will be a severe blow to Newport Harbor, and they are going to fight it out in the United States engineer's office. The delegation that probably will go before Captain Fries is Clyde Bishop, John King, W. W. Wilson and Lew H. Wallace.

TAYLOR GUILTY DECLARED JURY

Circumstantial Evidence Probably the Cause of Recommendation of Mercy

MANY TIMES HAS BEEN ARRESTED

Man Convicted Yesterday Has a Long Acquaintance With Jail and Petty Offenses

Clyde Taylor was found guilty of grand larceny by the jury that heard

FOURTH STREET GARAGE

the evidence against him. The verdict was brought in shortly after 5 o'clock yesterday afternoon, and with it came a recommendation of mercy. It is thought that the fact that the evidence was entirely circumstantial had a good deal to do with the recommendation of mercy.

Taylor is one of the kind of fellows who tries most assiduously to be a "bad un," and that he has not journeyed to the penitentiary hitherto is said to be mere luck. He has been in jail time and again. He served a sentence here for abusing a horse belonging to an Anaheim stable. A few months ago he was arrested for stealing clothing and firearms from his brother, Perry Taylor. At the same time officers were certain he had burglarized Prof. Clayton's barn and had stolen a spring wagon. The charge against him brought by his brother was dismissed and Taylor was taken to Los Angeles to face charges there of petty larceny. And these are only some of the instances of Taylor's acquaintance with jail offenses.

The charge against him on which he was convicted yesterday was grand larceny, the stealing of an automobile from Judge J. W. Towner. The only reason Taylor did not get to Los Angeles with the machine was that he couldn't find a starting crank.

When Taylor was a boy he served some time at the Whittier State school.

The time of sentence for Taylor as fixed by Judge West is next Friday, April 16.

Dear Sirs.—Regarding the Sanders-Arnott Disc Plow, will say that the honest truth is, that I could not get one for less, running orchard as I am, I would give it a weight in silver before I would be without it. I would consider it a good business proposition.

TUSTIN IMPROVEMENT ASSOCIATION RESUMES

The Tustin Improvement Association has renewed its existence. For two years no regular meetings have been held. Last evening in response to a special call a number of citizens gathered at the office of Haskins & Cobau to discuss the advisability of having Tustin represented in the recently organized Associated Chambers of Commerce of Orange County. Under the constitution and by-laws of this association, improvement associations in unincorporated villages are entitled to one permanent voting member. It was unanimously decided by the meeting last evening that it was highly desirable that Tustin should cooperate in this movement.

The first thing in order was the election of officers. F. M. Wheeler and George C. Roy, president and secretary, respectively, of the original improvement association, having moved away from Tustin. Rev. J. W. Millar was selected as temporary chairman, and the election of permanent officers resulted as follows: Judge A. H. Stutsman, president, George W. Liggett, vice-president; E. M. Nealley, secretary-treasurer. A. E. Bennett was then chosen as the permanent delegate to represent the local association in the Associated Chambers of Commerce, with E. M. Nealley as alternate.

Attention was called to the fact that there is need in Tustin for a hall or building in which to hold meetings of the association, and such purposes as Farmers' Institutes, church entertainments and social and literary gatherings. The opinion was expressed that a suitable building could be erected at moderate cost, capable of seating three or four hundred people, and that such a plan was entirely practicable. For the purpose of testing the proposition and ascertaining the sentiment of the people of Tustin, a committee consisting of Judge Stutsman, G. W. Liggett and E. M. Nealley was appointed to take the matter in hand. This committee will hold a meeting on Tuesday next, in consultation with some practical builder, to work out a plan. Tustin by all means should have a building of this kind. It is badly needed, and the hope is expressed that this move will find a ready response on the part of our people.

WOMAN'S BREAST IS A DEATH TRAP

Any Lump in Woman's Breast is Cancer

—Of all diseases of the human body a lump in a woman's breast is the most frightful. Hon. T. N. Bradford's wife, while dying with cancer, said, "Oh, that some one had only told me the danger of that lump in my breast." There is a book on cancer and tumors cured without knife or pain, sent free, which teaches and proves that any lump in woman's breast is cancer. The author is the most successful cancer specialist living, and offers \$1000 if he fails to cure any cancer he treats before it poisons deep glands. Strictly reliable; no X-Ray or other swindle. He charges nothing until cured, and has been curing cancers for over a third of a century without a failure in the early stage. To get this valuable book free, describe your case and address Dr. and Mrs. Dr. Chamley & Co., 747 S. Main St., Los Angeles, Cal. The reader may save a life by sending this to some one with cancer.

GLOOM CAST OVER MANY BY DEATH OF ARTIST

Many are the homes in Tustin and vicinity that will have a dark pall cast over them for some time. The death of the well-known and loved Madame Modjeska has caused not a few sad hearts. The dearly loved and honored woman was known to many here and even those who knew her but slightly, loved her and counted her as a friend.

SOCIAL EVENTS

Meeting of W. C. T. U.

The members of the W.C.T.U. met Thursday afternoon with Mrs. W. Crawford, on Glen Avenue.

Mrs. C. M. Halderman had charge of the program for the afternoon, the subject being Anti-Narcotics. Very entertaining papers were read on the subject by Mrs. J. H. Brown, Mrs. Chas. Hallett and Mrs. Vandermeulen. After the business session, a social hour was enjoyed and refreshments were served.

Entertained at Supper

Tuesday evening the members of the Ladies Missionary Society of the Advent Christian church entertained their husbands, children and a few friends with a seven o'clock supper. The supper was held at the parsonage and the hospitality of both Rev. and Mrs. Richardson made the entire evening a social success.

The following people took part in a short but very entertaining program: Mrs. H. L. Hanson, Zena Leck, Beulah Manning, Hilda Crane, Jessie Rawlings, Lela Scroggs, Mary Cooper, Mesdames Brown and Mr. C. E. Hatch.

There were several excellent papers read on the Missionary work in India, which revealed to the hearers what good work is being done by the humble efforts of the members of the society present. The pastor, Rev. Richardson, closed the program with a few words of prayer. He also expressed the sentiments of the other men present, when he thanked the ladies for the excellent supper.

Afternoon Party

Mrs. Cloyd Pettit (nee Lula Holford) very recently a charming little bride, entertained a few friends one afternoon this week at her suburban home in Shermutville. The guests each brought with them a package which, when opened, was found to contain a lovely gift. Mrs. Pettit received chinaware, dainty glassware and several articles of handwork sewing.

At a late hour Mrs. Pettit served a dainty collation which proved to her guests that, though a young bride, she could cook, and that right well. Those entertained were the bride's mother, Mrs. J. D. Holford, Mrs. Frank Stearns and daughter, Edith, Mrs. W. W. Stearns, Mrs. John Stearns, Mrs. Roy Stearns, Mrs. Chas. Artz and daughter Thelma, Mrs. Andrew Cook, Mrs. Wells and Mrs. Dan Stearns of Santa Ana and Misses Lela Holford and Josie Stearns.

Annual Church Supper

The Tustin Presbyterian Annual Church Supper was held Wednesday evening at the church. The members of the Ladies Aid prepared the supper and many pleasing remarks were made about the well-prepared and daintily served repast. One person said that she had been to several of the church suppers, but not one had appealed to her as this one had. The tables, fairly groaning with their delicious fare, were set in the social rooms, and over fifty were seated and their hunger satisfied, then about fifty more were admitted, and again for a third time the feast was spread.

The business meeting was held after the supper and as every one present was intensely interested, the meeting was very lively. The minutes of the last meeting were read by James A. Dort, then came the reports of the different societies, such as the Ladies Aid, Missionary, and C. E. All these showed an excellent financial standing of the church proper.

The election of Elders was held, resulting in the election of Messrs. Philip Ebel and Marshall. The following trustees were elected: Messrs. Dort, A. E. Bennett, J. W. McCullough, White, Thorman and W. L. Leiby.

Birthday Surprise

Mrs. J. E. Melvin of Second and B streets entertained Thursday with a delightful dinner in honor of the birthday anniversary of Mr. Melvin.

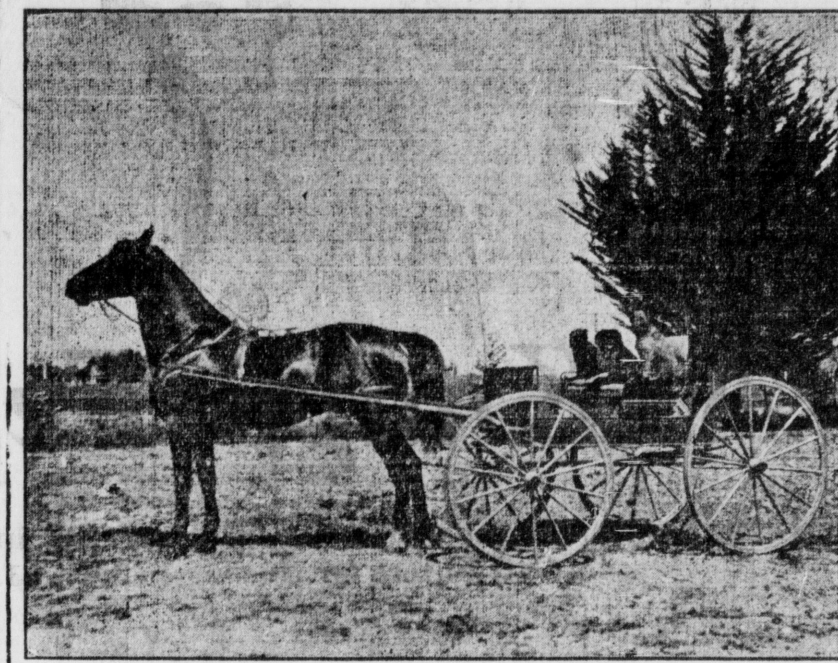

The dinner, which was at noon, was served in the spacious dining room. The table was beautifully decorated with feathery smilax and lovely Lady Banksia roses. The place cards were novel little souvenirs, being Mr. Melvin's own business cards, decorated in dainty purple pansies with the name and date and tied with a bow of pale purple ribbon.

Covers were laid for the following guests: Mr. and Mrs. Stiffler, Mr. and Mrs. T. C. Gillette and son, Ted, of Norwalk, Mrs. Hamble and son, Bertram, of Log Beach, and Colonel and Mrs. Wood of Santa Ana.

Among the many remembrances presented to the honoree, was a handsome gold watch and upon examining

Hancock Johnston

Handsome Mahogany Bay Stallion

Hancock Johnston stands 16 hands high, weighs 1150 pounds, and is noted for his extreme style and action. He is a show horse, a perfect specimen of the trotting bred carriage horse, and carries the blood that gets race horses. A careful scrutiny of his breeding will show him to be the strongest trotting bred stallion standing today on the Pacific coast. It combines the blood of Maud S, Nutwood, and Croesus, backed up by The Moor and A. W. Richmond. All of his ancestors are noted for their stamina and endurance. He is closely connected to more champions than any other horse in the west. His colts are well boned, good style, and are universally bays. He will stand at my ranch, one and one-half miles south-east of Garden Grove, except on Saturday afternoons at Wood's livery, corner Fifth and Sycamore streets, Santa Ana. Terms: \$20 for the season, with usual return privileges. Mares left in my charge will receive the best of care. Not responsible for accidents.

BUSINESS OUTLOOK—GENERAL AND LOCAL

There is so much pulling and hauling over the new tariff schedules that it keeps the business interests of the country in a state of uncertainty. This is not so much because of the antagonism of those interests to the proposed changes as the fact that the tariff bill as a whole is an unknown quantity, and it is not deemed safe to place orders until it is definitely settled. As said in the Clews' financial letter, "The great body of manufacturers and merchants are now more injured by uncertainty than by any probable revision. Their chief desire is to have these problems and irritating discussions ended in order that they may go ahead with plans and work either contemplated or begun."

The war scare in Europe having subsided and the uncertainties occasioned thereby having disappeared, conditions there and here are in a much safer and therefore better condition than before. But absolute safety cannot be any longer assured owing to the race for armament between the old countries, and general business is bound to be more or less affected thereby. This, however, is simply the result of that caution upon which confidence must depend for its existence. There is no plunging and in fact little or no speculation of any kind, which is certainly a matter of congratulation.

The disposition being to loan rather than invest, money continues easy, but as soon as the tariff is out of the way, we may look for it to get stronger under increased demand.

Conditions are evidently more active on this coast than in the east, much money being spent in development and improvements. Southern California is attracting more men and money from the east than ever before, and its opportunities for profitable investment are being exploited as they never have been. The crop promise with us is very flattering for such as depend on winter rains, and the mountains are piled with snow, thus insuring an abundance of water for irrigation.

In Santa Ana business conditions are in a robust state of health—perhaps the words substantial and stable more fitly describe them. Building is quite active—perhaps more so than at any time for years. Fine residences and neat cottages and bungalows are going up all over the town and county. It is especially gratifying to note the large number of new houses taking the places of old ones, and the remodeling and enlarging of old houses, indicating increasing property among the permanent residents.

There are many new-comers among us and real estate is active at splendid prices. The crop prospects were never brighter either as to yield or markets, and the variety of products is almost infinite.

BOOTY COMMITTED TO INSANE ASYLUM

Former Resident and Politician of Santa Ana Sent to the State Hospital

Los Angeles Times: The lunacy commission yesterday ordered Col. John Addison Booty to the State Hospital at Patton. He is 65 years of age, and at one time was prominent in Democratic politics of Los Angeles (Orange) county. For several years he has lived in Long Beach, and his wife now resides at No. 305 Elm avenue, in that city. Asked where he was born, Booty swelled up with an evident feeling of pride and said: "It was intended that I should be born in Ohio, but there was a mistake in the count, and I was born in Georgia, in Monroe county, sir." Booty lived in Santa Ana many years.

Of Great Interest and Importance to All Homeseekers

Southern Alberta, Canada, is a region that is attracting the attention of homeseekers. "Stretching along the Canadian Pacific railway for more than 1000 miles are lands of the richest productive power, placed beyond all possibility of crop failure, with water in abundance at every farmer's door."

There are 3,000,000 acres of these lands to select from, at from \$8 to \$25 per acre.

This region is the home of the famous Alberta wheat, winter wheat being Southern Alberta's standard crop, showing the mild climate of the region. Other crops are sugar beets (the price paid producers averaging \$5 per ton), alfalfa, barley, oats, vegetables and small fruits. As a stock and dairy country Southern Alberta has no peer.

One of the greatest assets of the country is the climate. It is a country of sunshine, clear atmosphere and bracing, dry air, free from endemic diseases of any kind, and the home of a healthy, happy and prosperous people. Alberta has attained a reputation as a sanitarium for persons of consumptive or bronchial tendencies.

The winter is a season of bright, sunny days, broken by short spells of cold weather with light snow. Stock including horses, cattle and sheep, graze at large throughout the whole year; and beef which has acquired such a high reputation as "Alberta beef" is killed directly from the range even in the winter.

The dryness of the atmosphere obviates any inconvenience which might arise from low temperature in the winter and also relieves the heat of summer. Deaths from excessive heat are practically unknown.

There are a few advantages to be enjoyed by settlers in this favored region. Literature more fully describing the country may be had on application to the agents of these lands at Orange. An excursion to the Alberta country from Orange is being arranged for April. For further information inquire of

The Easter Time

Tomorrow, Easter morning will dawn on fair Southern California, beholding a land sweet with roses and green with the beauty of bursting bud and leafy trees, while beyond the smiling valleys will rise the snow capped mountains, rich in tint and splendid in rugged strength.

The blessed morning will behold not only a lovely Southland, but a prosperous and contented people, whose hearts will be tuned to the peace and quiet beauty of the Easter Tide. In fair Santa Ana, church and home will blossom with lilies and fragrant roses and the tender grace of fern and trailing vine, while hymns of praise and thanksgiving for

that centuries-old day when the anthem, "Christ is Risen," first burst upon the air, will echo the joyful strain that has come sounding down the "corridors of time."

Entertained Varsity Boys

Mr. and Mrs. E. A. Clardy of West Washington avenue, yesterday entertained Ralph Clark and Howard Linnox of the U. S. C. Glee Club, at a pleasant noon dinner.

Mr. Clark was a former resident of Santa Ana, his father, Rev. George S. Clark, being for years the pastor of the local Methodist church, South.

Mr. Linnox is one of the star athletes of the U. S. C., having recently taken the 220-yard low hurdle race from Stanford.

"A Trip Through Brazil"

The regular business meeting of the Foreign Missionary Society of the Methodist church, South, was held at the church yesterday afternoon, and was an extremely interesting one.

The principal feature of the meeting was "A Trip Through Brazil," led by Miss Linda Paul, who was assisted by Mesdames Spurgeon and Nuckolls. Miss Paul is an interesting talker and made the trip an enjoyable one.

Intermediate Social

The Intermediates of the M. E. church South, had an enjoyable social last night at the residence of Mr. and Mrs. E. C. Martin on Chestnut avenue.

A number of jolly games, an abundance of music with the serving of fruitade and cake by the hostess, contributed to the evening's pleasure. An attendance of about forty young people made the occasion an interesting one.

For Mills College Teachers

Miss Hermann and Miss Ege, teachers in Mills College near Oakland, spent Thursday here as the guests of Miss Shirley Thomas. They were tendered an informal reception in the afternoon at the home of Mrs. E. B. Burns, the hostesses being those who had attended Mills College: Mesdames Burns, Arthur Lyon, Misses Irene Balcom, Shirley Thomas, Florence Mullinix. Those invited to meet the guests of honor were those girls from the Senior class of Santa Ana High School who are interested in Mills.

The reception was marked by the showing of pretty views of Mills College, Misses Hermann and Ege having a number of these with them.

Refreshments were served and the occasion was an extremely pleasant one. Following the reception the Mills teachers were taken for an auto ride and were later guests at a seven o'clock five course dinner given by Miss Thomas at her home, at which covers were laid for Misses Hermann, Ege, Mullinix, Thomas, Millar of Los Angeles, and Mrs. Louise Clark, formerly of Santa Ana, but now of Los Angeles. Marguerites and place cards with college girl designs were used in a decorative color scheme of gold and white.

Reception for New Members

A reception was held last night in the United Presbyterian church, on East Fourth street, in honor of the new members of the church. The church was very tastefully decorated with smilax, white roses and callas.

After the guests had assembled, a short program was given and the remainder of the evening was spent in conversation, partners being found by matching the name of a state with its capital city.

Refreshments of ice cream, cake and fruitade were served.

Y. W. C. T. U. Meeting

The Y. W. C. T. U. will meet at the home of Miss Ruth Burns, 415 West Sixth street, Monday evening, April 12. All young people are cordially invited to be present. The following program will be given:

Recitation—Miss Zella Guiley.
Vocal Duet—Misses McCormack and Clark.
Recitation—Mr. Merle Ramsey.
Paper—Miss Sarah Gardner.
Piano Solo—Miss Isabelle Walker.

Mrs. Smart's Luncheon

Mrs. W. M. Smart was hostess yesterday at a pretty 1 o'clock, five course luncheon. Violets and smilax were used in table decorations.

Covers were laid for the hostess, Mesdames Livingstone, Kilgore, Samson, W. L. C. Samson, Coleman, A. Getty, Geo. R. Smith, McBride, W. R. Currie.

The afternoon following luncheon was pleasantly spent in a social way.

A Tallyho Ride

The U. S. C. Glee Club boys, who delighted music lovers here on Thursday night by their singing, were guests of a number of local young men yesterday afternoon on a tallyho ride over the local kite track. They enjoyed the ride immensely, and before they left town, gave evidence of the strength of their lungs by giving their college yell.

Sacred Concert Last Night

The rendition of Stainer's "Crucifixion" by the choir of the First Baptist church attracted a large audience last evening to that church.

The beautiful cantata was given under the direction of Percy K. Lusk, organist, and the solos, duos, and quartets were taken by members of the choir, Messrs. Van Cleave and Dryer being the tenor soloists, and Messrs. Taylor, McKern, Hickox and Harris singing the bass solos. There were twenty voices in the choruses and the musical work was given creditably.

Rebekahs Convention

The district convention of the Rebekahs was held in Santa Ana today with a goodly number of delegates and grand officers being present.

The session was held in the Odd Fellows Hall and at noon a generous luncheon was spread in the banquet hall by the Santa Ana Rebekahs.

Scribblers Honored Miss Fowler

Miss Una Fowler, who has been visiting here this week, was the guest of honor at a dainty supper given for her at the Dragon last evening by the Scribblers' Club, of which she is a member.

The table at which the guests were seated was set in the Dragon balcony, that favorite spot for cosy social affairs. Marguerites and candelabra lent beauty to the well served repast, at which covers were laid for

Miss Fowler, Misses Helen Young, Grace Hogsett, Alta Kenyon, Irene Robinson, Kassa Bailey, Leslie Roberts, Albert Fields, Ellis Breeden, Charles Ball.

Other members of the club who were unavoidably absent are David Todd, Ernest Von Allmen and Robert Perry, the latter having graduated at the February commencement.

An Easter Window

The Easter window of the White Cross Drug Store has been attracting admiration for a day or two. It represents an aquatic scene, a miniature pond with a fringe of growing ferns and rushes holding the center of the stage. Stuffed birds and real live rabbits playing hide and seek in the marshy reeds, lend an air of realism to the clever design.

Miss Menges Entertains

Miss Mina Menges was hostess last night for a slumber party. Her guests were Misses Mary and Margaret Wakeham, Pauline Parsons, Georgia Barnes, Mrs. Cavins, Dr. Ida Boyd of Los Angeles.

The ladies were supper guests also, and in the evening other friends were invited to meet them. These were Mr. and Mrs. Harry Hanson, Mr. and Mrs. Roger Newcomer, Glenn Martin, C. H. Taylor, Will Wakeham, Ernest Cole, Mrs. Burt Boyd and Ralph Virgil of Los Angeles. A delightful evening was spent.

PERSONALS

Mrs. L. J. Carden, Mrs. Jabe Hill and Miss Helen Carden went up to the city this morning, returning this evening.

Two freak calla lilies were exhibited today in Merigold Bros.' window. Each one was really a double lily, and both of the "twin" flowers branched from a single stalk.

Misses La Rue Phipps, Beulah Phipps and Miss Iva Scheltan went to Los Angeles this morning to remain over Sunday. They will attend Easter services in the city churches.

Judge J. W. Towner is at Riverside, having spent yesterday and today in that city.

Free Trip to Tulare

Wednesday Evening April 14

We have sold 2000 acres of our Tulare lands and still have about 1500 acres left of our original purchase.

A company is now forming to buy a part of our remaining 1500 acres.

This land is located about 4 miles north of Corcoran where the beet sugar factory is located and within a mile of the railroad station of Wakena. This is splendid alfalfa, beet, or raisin grape land and there is an abundance of water. This land is worth today from \$75 to \$100 per acre, but having bought it in a large tract we are able to sell it at \$50.50 per acre. Terms one-fourth down and balance on or before 5 years at 6 per cent. You can search the country over and will find no such land offered at this price.

Every man that has investigated this land has bought. On Wednesday evening we are going to take up a party from here, and we will refund the expenses of all those who purchase land of us.

We also have some good lands in Fresno county for sale or exchange. Call at our office or write us for further particulars.

Are made right here at home—in Los Angeles, with a year's guarantee from the factory back of them. That's worth something. Then suppose there should arise the necessity of replacing some part—that's liable to happen to the best of cars—you don't have the delay and expense of sending to the east for it, but can get any part you want within a couple of hours at practically no expense.

HANKEY & CONGDON

A Significant Fact

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration? Is it not a significant fact too that

Dr. Pierce's Favorite Prescription

Is the only medicine sold through druggists, for woman's peculiar weaknesses and ills, the makers of which are not afraid to print its every ingredient on its outside wrapper? Is this not worthy of your consideration if you are a poor sick invalid woman?

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famed medicine is advised.

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.

It's foolish—often dangerous to accept a substitute of unknown composition in place of this time-tried medicine of known composition. Don't do it. Insist on getting what you ask for.

Do You Think For Yourself?

Or, do you open your mouth like a young bird and gulp down whatever food or medicine may be offered you?

For an intelligent thinking woman, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is one tried and true, honest medicine of known composition, sold by druggists for the cure of woman's ills.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible endorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, in plain English, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famed medicine is advised.

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration?

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.

"The Star of Bethlehem," the latest and a special feature in motion pictures will be featured and of itself is one of the most beautiful sermons ever delivered on this subject. "The Holy Light" and "The Holy City" will be presented with organ effects and The Offering, The Spirit of Easter, making the most suitable program for the Lenten season ever shown. There will be a special presentation Sunday afternoon at 3 o'clock and at night 7:30 and 8:30. Admission 5 and 10 cents. This Easter program will be seen only on Sunday afternoon and night.

Special Announcement B. R. Baumgardt Lectures
Mr. L. E. Behmyer of Los Angeles announces a series of travelogues to be given at Spurgeon's hall, every successive Wednesday evening, starting April 14th, by Prof. B. R. Baumgardt, the well known lecturer who has met with such excellent success on his Sunday evening lectures in Los Angeles.

The series of lectures is based on a residence of eighteen years abroad, with annual pilgrimages across the Atlantic to renew and bring the matter strictly up-to-date. To those who have visited Europe these lectures will be a reviving of pleasant memories, and to those who anticipate a journey abroad it will be a real education, while to those who see no immediate prospect of making such a tour will through these lectures enjoy easy-chair journeys with all the famous scenes, historically interesting places and the contents of the great art galleries at their command. The series will be given at the immensely low price of twenty-five and fifty cents per lecture, and tickets may be secured at the White Cross Drug Store.

The lectures as arranged so far will be given in the following order:
Wednesday evening, April 14, "Rome, the Eternal City."
Wednesday evening, April 21, "Norway, Its Fields and Fjords."
Wednesday evening, April 28, "Paris the Magnificent."
Wednesday evening, May 5, "Spain and Its Beauties."
Wednesday evening, May 12, "Venice, the Bride of the Adriatic."

LOS ANGELES PRODUCE MARKET

The market on cheese showed great strength in most eastern varieties yesterday morning and in a number of instances prices were advanced from 1/2 to 1 1/2 cents a pound. Eastern singles, twins and longhorns were boosted. The last mentioned sold for 22 to 23 cents from jobber to retailer, while the former varieties were quoted at 18 1/2 cents a pound. Daisy is holding firm at the figure established two days ago, 19 cents. The demand for cheese has been very good and arrivals for two months have amounted to very little stock from the Middle Western states, the cheese receipts being made up of northern fresh and some of the local makes. Prices in the East are very much higher than here and one dealer stated that to bring any more into Los Angeles, it will be necessary to advance. Light receipts were in order yesterday, 778 pounds being the sum total of arrivals.

Eggs were unchanged at the prevailing figure of 25 cents on candied, and 22 cents on case-count locals. The demand was the heaviest in weeks and surplus stock was all cleaned out. Arrivals were 628 cases. There were several good receipts of northern stock.

Butter was in fair demand. Arrivals were lighter than the day previous, 17,682 pounds. Creamery extra and cooking butter were the only featured varieties.

Potatoes sold well and the market was still firm on some of the grades. Receipts were only a car and some of the local spuds which arrive by wagon. Onions were unchanged in value. Receipts were light.

Lady Washington beans sold well. Other kinds in call were lima and small white beans. Sweet potatoes ruled steady on account of the demand, which is regular.

Strawberries were higher. Shippers evidently allowed all the stock possible to remain on the vines in order that they might have a large supply on hand this morning, when the demand for them is expected to be exceedingly heavy. Prices were up on them because of this. Apples moved well. Spitzenbergs, winesaps and Roman Beauties are the varieties in best call. Loquats were more plentiful than on any day since the season for them opened. They sold from 8 to 10 cents a pound.

Vegetables were plentiful and sold well. Asparagus was a trifle more firm, but unchanged in value. Rhubarb was not as good as usual and prices were weaker as a result.

Los Alamitos Mexican Says He is Ignorant of the Placentia-Shooting Affair

Six of the party of Mexicans who were drinking in the camp at Placentia Wednesday night, when the two men were killed, are in the county jail, all charged with disturbing the peace. Five of them were placed in jail here yesterday, and today the sixth man, Filomeno Gustellos, was brought in from Los Alamitos by Constable Beals.

The six men express enough ignorance about the affair to fill a book. Gustellos declares he was two miles away from the camp when the shooting occurred and Sotero Miranda and Manuel Olivares were killed.

The Sanitary Metal Kitchen Cabinet

Beyond a doubt the most perfect, most convenient and most sanitary kitchen cabinet on the market and is also the cheapest.

This is a work saving kitchen convenience which combines pantry and cupboard. It provides a place for all groceries needed in cooking, also all the small utensils used about the cook table.

Contains bins which hold 65 lbs. of flour, 35 lbs. of meal, 20 lbs. of rice, 50 lbs. of sugar, 6 lbs. of coffee with an extra bin or two for other articles. All the bins are filled from the top and the contents removed from below by pulling out a simple little slide. The coffee feeds into a mill, so when you want coffee you have only to grind out just the amount you need. The flour flows into a scoop and sieve and not a particle is wasted. The spice department has cans with perforated tops, properly labeled for all kinds of spices. The tea can holds a pound of tea. There is a tight box for cake, bread or pies, also a place for any kind of cold victuals.

There is a bread board, pair of scales and other small implements.

The cabinet is made entirely of metal beautifully enameled on the outside and laquered on the inside. On the front is a large plate glass mirror and on the top is a kitchen clock.

This description is necessarily brief and gives but a vague idea of the many great advantages this cabinet possesses. We invite you to call and see it and get our prices and terms.
